

### RELECO

### Product Range

#### summary

- Relays with 8 and 11-Pins.
- Timers with 8 and 11-Pins.
- Power relays with 3 pole, 16A.
- Industrial relays with 4 pole, 10A.
- Miniature relays with 2 and 4 pole.
- Sockets.
- Versions, accesories and coils for different voltages.

#### Relays 10A, 8 and 11-Pins

8-pins C2-A20

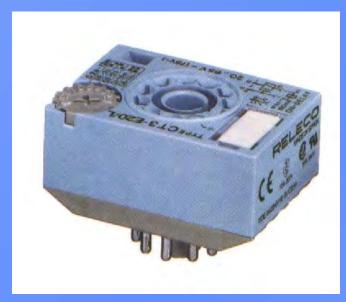

> 11-pins C3-A30

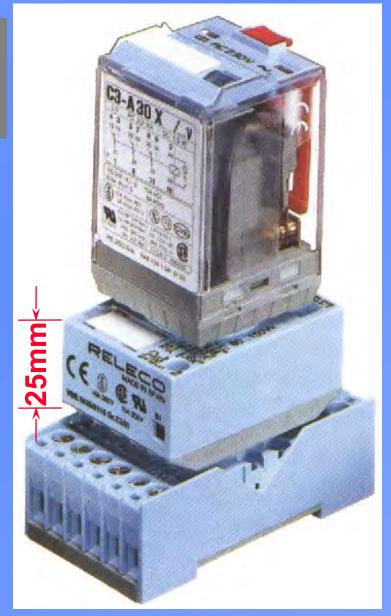

#### **Timers**

### Turn your relay in a time delay relay

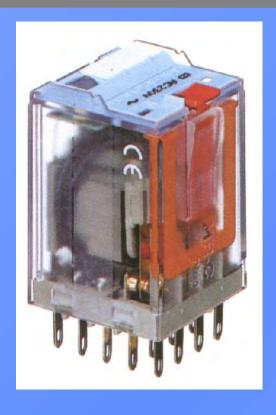

8-pins CT2

11-pins CT3

# Power relays with square base for 4 pole, 10 and 16A

4 pole 10A C4-A40

> Power relay 16A 2 pole C5-A20 3 pole C5-A30

# Miniature relays with 2 and 4 pole

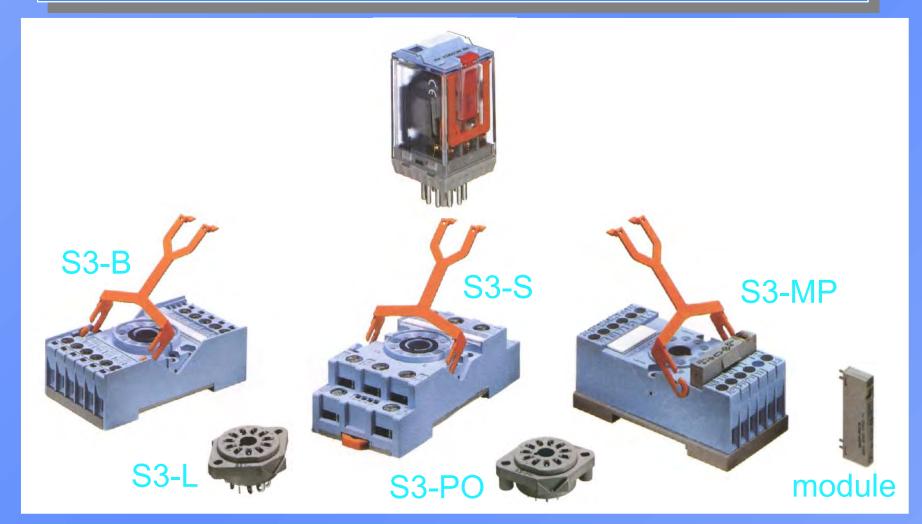

2 pole 10A C7-A20

> 4 pole 3A C9-A41

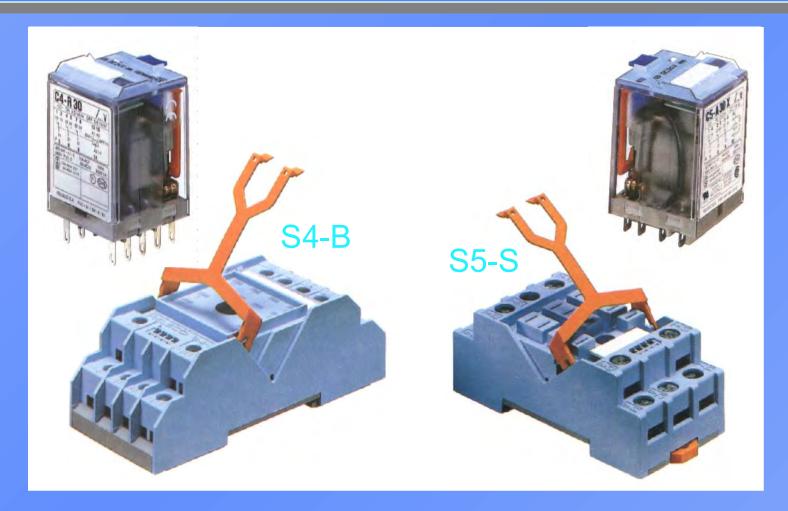

#### Sockets for relays C3

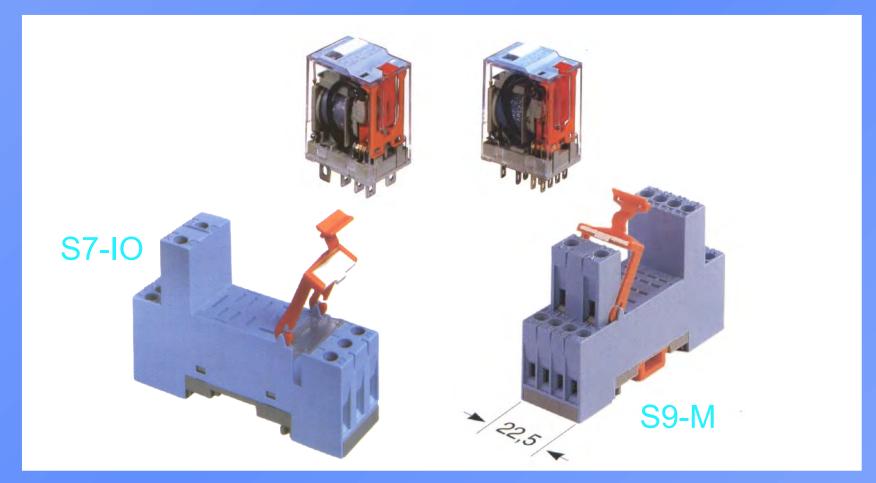

#### Sockets for relays C4 and C5

#### Sockets for relays C7 and C9

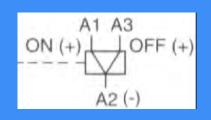

#### Versions

- Remanence.
- Sensitive relays.
- Twin contacts for low level signal.
- Normal open contacts.
- Double make.
- Magnetic blow out.
- Miniatur relays for 16A.
- LED indication and coil protection.

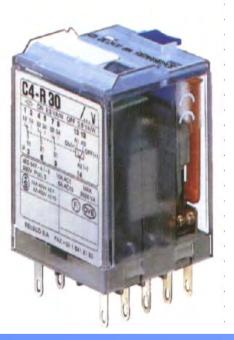

#### Remanence relays

Miniature 2 pole C9-R21 2 pole C3-R20 3 pole C4-R30 Square socket, 2 pole C5-R20

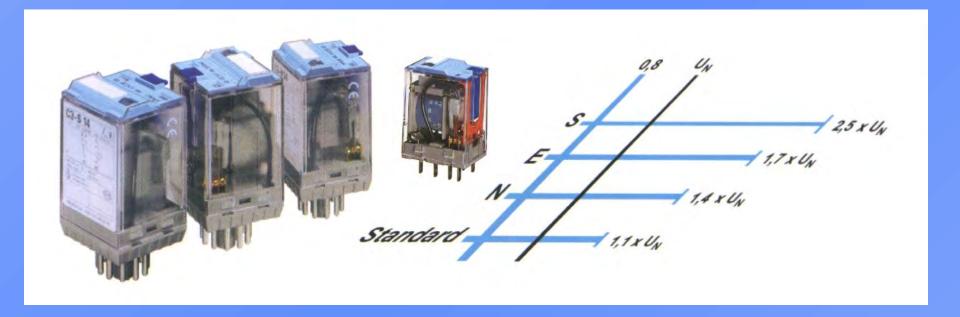

#### Sensitive relays

C3-S14 (250 mVV) C3-E24 (500 mVV) C3-N24 (800 mVV) **Miniature** 

C9-E21 (500 mW)

## Relays for low level signal with twin contacts

2 pole C2-T21

### Normal open contacts (>1.5 mm gap)

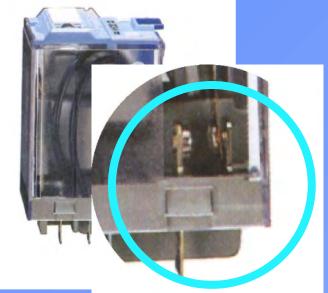

Miniature 2 pole C7-G20 2 pole C2-G20 3 pole C3-G30

Square socket 3 pole C5-G30

1,2A @ 110V DC1

#### Double make contacts

C3-X10

C5-X10

RELECO

## Double make with magnetic blow out

#### One pol, NO, double make

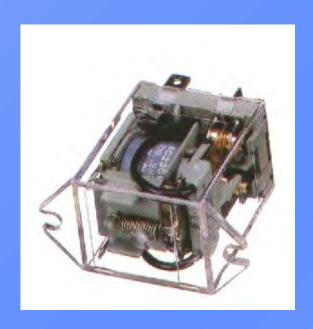

## Miniature relays with one pol and 16A

Direct to the panel C7-A10E

Plug-in C7-A10

### High voltage, more than 500A in 2.5ms

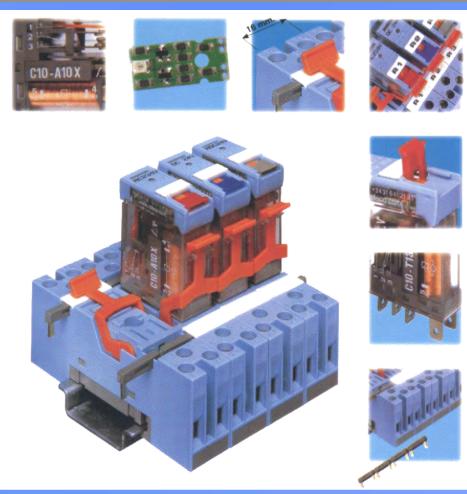

One pol, 2 parallel contacts wolfram and silver

#### Interfacer

#### Window for mechanical indication

Coil voltage marking

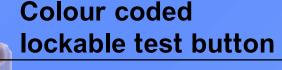

**LED** indication

Marking label

Coil protection and LED circuit

24V AC/DC

Complete In Built features, circuit, approvals

Industrial plug-in Faston .187 (4.75mm)

Insulation between coil and contacts: 8mm-5KV

#### **Marking label**

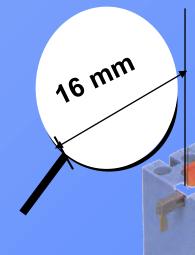

#### **S10**

Retaining clip compatible with Omron & Allen Bradley

Screw terminal (Box clamp) socket, 1 level

Coil bridge bus bar for terminal A2

an common S10-BB

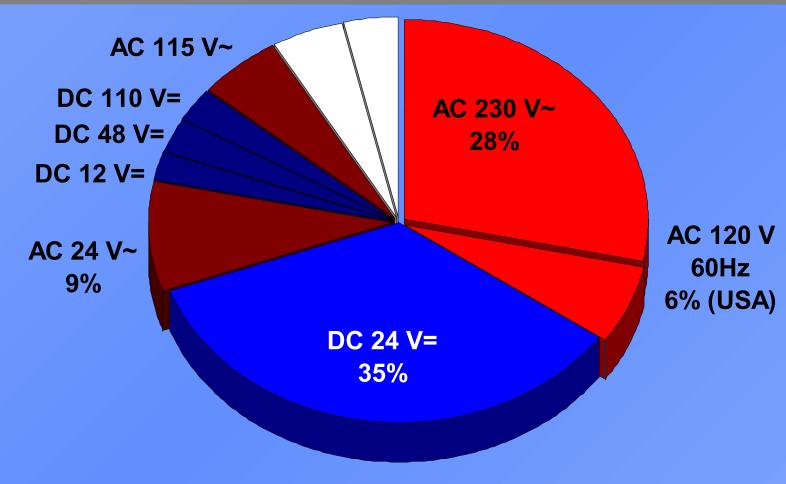

Montage at DIN rail or panel

Terminal extra (A3) for futures versions (remanence, timer...)

#### mains voltage

#### Advantages

- Coil voltage is marking at the front of relay.
- Double window for mechanical indication.
- It is possible to marking the label wiht the plotter.
- Complete In Built features at the <u>technical label</u>, with diagram and approvals.

#### More advantages

- Retaining clip easy to use and color orange.
- Packaging and labeling with all information.
- Cadmium free contacts.
- EAN 13 bar code, and packed in corrugated boxes with 10 units.
